- 25 Competencies
- Business Acumen

Select the assessment tool that best fits the demands of the job. Higher level jobs (managers of managers) require higher level skills.

All TTI Job Benchmark tools blend multiple job-related sciences in a validated, bias-free and fully integrated assessment that meets EEOC and OFCCP requirements. After investing in the Job Benchmark, you may use it again for future hires in the same position without additional cost beyond assessments for new candidates.
